

Unity Medical Center Community Needs Action & Implementation Plan 2022

Behavioral Health

Hospital services, programs, and resources available to respond to this need include:

- UMC provides office based opioid treatment (OBOT) services.
- UMC provides medication-assisted treatment (MAT) services.
- UMC provides adult and pediatric mental health counseling services.
- UMC provides resources and referrals to behavioral health services.
- UMC ED accepts and stabilizes acute psychiatric emergencies prior to transfer to appropriate facility.

Impact of actions taken since the immediately preceding CHNA:

- Leadership at UMC is working at the state level to advocate for better mental health policy.
- Nurses at UMC are working to attain Sexual Assault Nurse Examiner (SANE) certification.

Additionally, The Hospital plans to take the following steps to address this need:

- Continue to advocate for advancements in mental health policy at the state level.
- Provide de-escalation training to ED staff.

Identified measures and metrics to progress:

- Psychiatric hold times in the emergency department (ED)
